Dear Teacher,

I bet you won't believe what has happened to <sup>ME P.U</sup> me, but you have to wait until you read down the page <sup>where</sup> I have wrote it. By the way I am very, very, very sorry that I'm not at school, I'm missing it sooo much.

So about what happened ~~(I)~~ was flying round space <sup>[with Bruno]</sup> when ~~(I)~~ found MARS!!!!

We went on walking on the exciting planet when we saw <sup>martians</sup> martians!! ~~(And)~~ Then we saw <sup>aswell</sup> aliens! ~~(And)~~ then it gets even better they <sup>both</sup> asked for <sup>ME</sup> me to be their king!! So, it was tough deciding but I will be king for the <sup>martians</sup> martians and Bruno will be king for the aliens, [I am very excited].

Please can you check if Nicholas is putting my lids on my markers, if he isn't tell him that I said that, "to put them on properly otherwise he won't be using them, and my markers will come get him."

Michael

Great features of Dear Teacher used; good spelling choices

P.S

I am really, really missing all of the tests.

-Not to use And as an opener  
-Time prepositions

P.P.S

Also make sure

Nicholas is not sitting in my seat AT ALL please.
