Dear Teacher,

I am sorry to say that I will be missing the first week of term: due to a catastrophic incident that happened this morning.

I had woken up this morning, walked out the door and fell off the face of the Earth! After about 5 minutes of me trying to figure out what had happened, I got kidnapped by a gang of robber aliens!

I asked them to tell me where they were taking me; all they said was (in iberish), "Mars!" I did not realise why but then I thought there aliens, there crazy right? They could not decide what to do with me so they took me to their leader (called Bong)! She told me I had no right to be on Mars with the aliens, and to throw me off Mars!

I said, "Instead, could you just take me back home immediately!"

The aliens agreed to this - so they threw me off of Mars and back to Earth. However, instead of bringing me back to America, they brought me to Australia - I landed in a koala enclosure and got attacked by a disastrous koala!

So I ended up in hospital with a broken leg and wrist, so I had to cancel my flight home and reschedule it for next month; so I might not be at school for the rest of the term. It is a real

Fortunately, I have managed to get myself off Mars and back home; unfortunately, I am now stuck in Australia!

I hope this letter has explained everything you needed to know,

Yours Faithfully,
