

RE Year 2 Spring: What is true?

What is belief?

Belief is when you accept that something exists or is true with having any proof.

What do Christians believe about God?

He lives forever.

He created the world.

He flooded the world.

He sent his son Jesus

to show Christians how to

live a good life.

He looks after the people

who believe him.

A good harvest is a blessing

from God.

He gets angry if you disobey him

What do Muslims believe about Allah?

That there is only one god (Allah)

He wants you to live a good life and
do things like giving to the poor.

He created the world and everything in it.

He created angels.

Muhammad (PBUH) is his messenger.

The Qur'an is the word of Allah.

You will be punished if you do

not live a good life.
