Dear Parent/Carer (Year 6)

Year 6 Volunteers – Helpers for Sensory Circuits – Tuesday-Thursday Mornings

Our Inclusion Team are looking to recruit some Year 6 children to help with Sensory Circuits in the morning before school.

Sensory Circuits is a form of sensory integration intervention involving a sequence of physical activities that are designed to alter, organise and calm a child. Sensory circuits is great for children with sensory processing disorders, ADHD and autism and is an active, physical and fun activity with the aim to both energise and settle children so they can focus and engage better in the classroom.

Year 6 children would be helping with the younger children and this role will involve providing support to staff members and guidance to the children in completing the Sensory Circuits.

Sensory Circuits takes places on a Tuesday, Wednesday and Thursday morning from 8.25 am to 8.40 am. If your son/daughter would like to and is able to help, please could you give permission by completing and returning the slip below, stating the day(s) that they will be available.

Thank you for your continued support.

Yours sincerely

Hannah Stephenson
Head Teacher

Year 6 Volunteers – Helpers for Sensory Circuits – Tuesday-Thursday Mornings

(please return this form by Monday 14th October 2024)

Child's Name: _____ Class: _____

is available to help between 8.25 am – 8.40 am on the following day(s):

Tuesday

Wednesday

Thursday
